

# Take charge of your future

## High School Completion

If you didn't finish high school, you know opportunities are limited. Even with talent and drive, the lack of a high school diploma can keep doors from opening for you.

The HiSET® exam is a FREE Maine-state approved test that leads to a Maine-issued high school equivalency credential that you can use to advance your career, join the military or continue your education.

### What is the process?

First, you meet with a York Adult Education staff member to take a reading assessment to see if you are qualified to take the exams. If study is needed, we can help! Then you take the HiSET Official Practice tests in each subject area. With passing scores, you sit for the Official HiSET exam. Lastly, you celebrate!

**HiSET**  
Format of Testing

7 hrs 5 mins

**Sections**

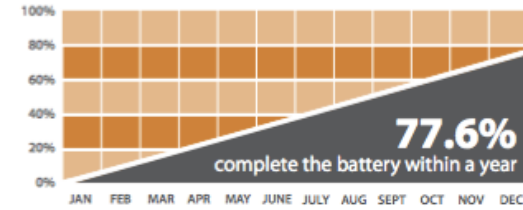

Math	90 mins
